BIOGRAPHY & LIVE EXPERIENCE

02 — 03

Acéldama is a brutal death metal band from San Ramón, Costa Rica, formed in 2005. What began as an old-school death metal project hardened over the years into dense, slamming brutal death metal, with lyrics rooted in Christianity, death and philosophy.

Across two decades the band has released four full-length albums — *Melquisedec* (2010), *Essence of Impurity* (2014), *Desbridamiento de la miseria* (2019) and *Cruciatti Mentis* (2024, Morbid Generation Records, Germany) — alongside early demos and an EP.

Acéldama has taken its live show across Central and South America — Panama, Nicaragua, Honduras, El Salvador, Guatemala, Mexico, Peru, Ecuador and Colombia — and in 2022 crossed the Atlantic to play Deathfeast Open Air in Andernach, Germany, sharing the bill with Suffocation, Ingested and Benighted.
